

It starts with Scouts.

VOYAGEUR COUNCIL

Venturer Advisor Forum (VAF)

All Venturer and Rover Advisors, and Rovers are invited to join the VAF at our monthly meetings.

The VAF is involved in planning and coordination of many training events for the Senior Sections (Scouting and Guiding) throughout the year, including: white-water canoeing and kayaking; swift water rescue; standard, wilderness and advanced wilderness first aid; basic canoe and boat rescue; vertical skills, archery range safety; and more.

The VAF also provides support to other council groups such as the Service Alliance, and organizes events such as mountain snowshoeing weekends in the Adirondacks during February and March.

The VAF also has gear that can be signed out by various groups, such as snowshoes and micro-spikes, archery equipment, with netting and butts, climbing gear and two SPOT Satellite Transceivers.

If you are a new Advisor this year, or have been around for awhile we welcome you to come meet other advisors from within the Council. This is a great way to connect with other groups, and learn about and help plan exciting activities for your youth members.

The VAF meets from 7:30pm until 9pm on the first Tuesday of each month at the Royal Canadian Legion, Branch 480 Westboro, 389 Richmond Rd.
