****I would like to thank THE AURORA PRESS, P.O.BOX 573, SANTA FE, NM, 87504** for their kind permission in using the copyrighted reference material from both DR. MARC EDMUND JONES and DANE RUDHYAR. The Depth of their Subjective Insights and Individual Genius will forever benefit us all. Their Conscious and Sub-conscious approaches in analysis found Harmony and Interaction through the very lack of competition between them.

THE 360 SABIAN SYMBOLS

The Sabian Symbols were first acquired by Dr. Marc Edmund Jones in 1925, from Psychic Miss Elsie Wheeler. Each degree of the Circle, the mystical Wheel of Life has been painstakingly researched by Dr. Marc Edmund Jones, Dane Rudhyar and Lynda Hill as well as countless others. They were analyzing the 360 degree Circle of the Heavens, as Astrologers. The Western view (The Conscious Connection) was captured by Dr. Jones, whose approach was analytical according to the flow of the interpreting language, thus using the language to effect the proper explanation for the individual Degrees. The Eastern view (The Sub-conscious Connection) was captured by Mr. Rudhyar, using both the common and uncommon symbols to convey to the sub-conscious common connections or emphasis on life events as the product of a rolling series of connected events.

Material from both these Great Men has been made available for reference purposes in hopes of conveying the validity of this research. The material is but a small sample of their Genius, and is taken from the two publications listed. I highly recommend them as very valuable tools of research and understanding.
